## Armed Civilians and Separatists In Brisk Fights

### Republic In Rhineland Seems Far Away as Ever as Opposition Forces Continue to Route Them—Seven Killed in Battle at Aix La Chapelle

(By The Associated Press.)  
PARIS, Oct. 25.—A Rhineland republic this morning seems as far away as ever, for the separatists, although they are making fresh conquests, do not appear to have sufficient forces to hold them. The loyalists, in the presence of complete apathy of the general public seem to have no difficulty in retaining control so that when a balance is struck the separatists are in much the same situation today as yesterday.

The movement now apparently is confronted by the opposition of an independent republic engineered by Burgomaster Adenauer of Cologne and fostered by the Reich, which seeks to divert the separatists' coup in its favor. This, according to Berlin dispatches, is the real object of Chancellor Stresemann's visit to Haguenau. The Berlin correspondent of Le Journal even says that this second republic will be proclaimed within 24 hours.

According to Joseph Matthes, the separatist leader, this is not a new device, but a plan. The chancellor, so much impressed by the activities of the Rhinelanders, has determined all along to get ahead of them in the promotion of an autonomous republic.

They (Dekkers and Guthardt) received word from Cologne that the Rhineland state, according to the ideas of Berlin would be proclaimed without delay by the center party.

"We also learned that the Bavarian nationalists, as well as the communists of Saxony and Thuringia had all planned to launch movements. Dekkers and Guthardt thought the best thing to do was to lose time in starting our movement and thus steal a march on Berlin."

### REDS MARCHING ON TO BERLIN

(By The Associated Press.)  
LONDON, Oct. 25.—A Central News dispatch received from Berlin shortly after 3 o'clock this afternoon says large bands of communists are marching on the German capitol and that the police have been rushed out to intercept them.

The dispatch says that the communists are also assembling in strong force in the Lichtenberger district of Berlin but the police have surrounded the whole neighborhood and are not allowing anyone to pass through their cordon.

Serious trouble is expected tonight, the message adds.

### Mid-West Covered With Deep Snow

(By The Associated Press.)  
CHICAGO, Oct. 25.—Snow over-spreads the states on the eastern slope and in the foothill region of the Rocky Mountains, rain, snow and colder weather are reported from various sections of the north and lower temperatures are forecast to penetrate to the lower Ohio valley and Tennessee by tomorrow.

A six inch blanket of snow closed for the winter the few mountain passes in Colorado which remained open. In many localities suffering from the storm and snow drifts in southern and central Wyoming and in parts of Colorado blocked automobile traffic.

Points on the northern great lakes last night issued storm warnings and snow was expected to follow the heavy winds which drove shipping to cover.

Colorado reports heavy damage to unprotected crops, especially the beet sugar crop, and telegraph and telephone lines in many localities suffered. Trans-continental trains also were delayed.

Heavy snows at Colorado Springs yesterday marooned three men on the summit of Pike's Peak. A relief train rescued them.

Forced to land his plane in nearly three feet of snow at a point ten miles west of Lyman Wyoming Air Mail Pilot Lester F. Bishop was picked up by a local pilot. Bishop was found about ten miles from his ship, having floundered that distance in search of some habitation.

### Four Men Are Held For Assault

(By The Associated Press.)  
NORFOLK, Va., Oct. 25.—"I know Hoggard is a Klansman. He once asked me to join that organization, saying that they needed one more man in the 'whipping rank.' I don't think he would have asked me to join if he had not been a member of the order."

This statement was made in Portsmouth police court today by L. E. Hoggard, who appeared as a witness against L. B. Hoggard and three others charged with kidnapping and beating Howard. Justice Harry Cuthrell changed the charges from kidnapping to assault and continued the trial until November 3. The defendants renewed their bonds of \$2,500 each.

The men charged with assault are L. B. Hoggard, Monroe Todd, A. B. Carpenter and R. C. Golden. The latter three are alleged to have forcibly taken L. E. Hoggard from Hoggard's home and to have beaten him and thrown him from an automobile.

Mrs. Hoggard, who is with her husband at the Norfolk Hotel, removed the mask from the face of one of the men struggling with Howard. Her husband is charged by Howard with having then interfered, thus adding to the crime. Mrs. Hoggard, prior to the attack, which occurred October 14, had received a notice to "watch your step." She says it bore a skull and cross bones and was signed "K. K. K."

### REPUBLIC PROCLAIMED AT FORMER U. S. QUARTERS

(By The Associated Press.)  
COBLENZ, Oct. 25.—The Rhineland republic was proclaimed this morning at the former quarters of the American forces in Germany in Andernach, ten miles northwest of Coblenz. It was proclaimed at the "Rhine Republic" building, as well as at Soden, Briel and Gasteinheim, small towns, and in the vicinity in the districts of Wiesbaden, Bonn and Ruedenheim.

SEVEN KILLED IN BATTLE  
AIX LA CHAPPELLE, Oct. 25.—The police this morning attacked the Regierung palace, the only remaining public building in the hands of the separatists. Five policemen and two separatists were killed during the fusillade.

Later thirty-five members of the police force called at the Belgian military headquarters and requested that they be disarmed.

### CLASHES OCCUR IN CREIFELD

(By The Associated Press.)  
COLOGNE, Oct. 25.—Clashes occurred this morning between armed civilians and separatists in Creifeld, following the hoisting of the republic flag over the Rathaus, which Burgomaster Johannes surrendered to the separatists yesterday according to reports reaching Cologne this morning.

The separatists say they are four thousand strong in Creifeld. Belgian officers, however, estimate their number at about 1,000.

46 KILLED, 230 WOUNDED  
PARIS, Oct. 25.—A Hamburg dispatch to the Le Journal says 46 communists and 23 police were killed and 230 wounded in the fighting in the past two days.

### WILLIAM MOYER DEAD

(By The Associated Press.)  
WASHINGTON, Oct. 25.—William H. Moyer, superintendent of District of Columbia penal institutions and formerly warden at Sing Sing, the Kentucky state reformatory at Frankfort and the Atlanta Federal penitentiary, died here today.

### Memorial To Teddy

This statue of Roosevelt as a Rough Rider will be dedicated at Minot, N. D., Oct. 27, anniversary of Roosevelt's birth. It is a duplicate of the statue by A. Phimister Proctor, presented to Portland, Ore., by Dr. Henry Waldo Coe, friend of the great T. R.

### AUDITOR TAKES ISSUE WITH RICHMOND FIGURES

City Auditor R. P. Moss and several members of the city council today took issue with the accuracy of the figures compiled in Richmond and sent out last night by Carter W. Wormeley, state publicity agent relative to the cost of city government in the Old Dominion. Danville was quoted with a per capita expense of \$69.61, the largest of any city in the state.

Mr. Moss made this morning a calculation which showed that the per capita cost of government in the city was lower than any other city in the state. In arriving at this deduction, Mr. Moss declared that it was apparent that whoever compiled the figures in Richmond had failed to take into consideration the expenses involved in the operation of the three municipally owned public utility plants, water, gas and electric light, and he contended that the expenses incidental to the conduct of these

### October Cotton Takes a Rise

(By The Associated Press.)  
NEW YORK, Oct. 25.—October cotton today rose to 80 points above last night's close, selling at 31 3/8 and establishing a new high level for the season. The increase was due to the fact that only about 4,000 bales were tendered on October contracts, where nearly twice as many had been accepted. Later months were 11 to 20 points net higher.

### SUFFERS NERVOUS BREAKDOWN

(By The Associated Press.)  
NEW YORK, Oct. 25.—Formerly Miss Cathleen Vanderbilt and a bride of four months, is in a hospital suffering from a nervous breakdown. Her condition became so serious that several days ago blood transfusion was resorted to. She is resting comfortably.

Her illness was brought on by an experience last August in a lightning storm that played around a steamer on which she and her husband were traveling from Boston to New York. Mr. Cushing said today.

### APPOINTED APPROVED

(By The Associated Press.)  
LYNCHBURG, Va., Oct. 25.—The trustees of the Virginia Baptist hospital, in session here today, approved the action of the executive committee in appointing Miss Mary F. Cowling, of Lynchburg, as superintendent of the new hospital. The board made a call for Virginia Baptists to provide for memorial rooms in the hospital, many equipped rooms having already been secured in this way.

Following the meeting the trustees went to view the building, now ready for the roof. Plans are now to open the hospital April 1st.

—Mrs. J. F. Davis is visiting friends and relatives in Jacksonville, Fla.

### Appoint Leaders Of Men's Teams To Conduct Community Chest Drive

Leaders of divisions and captains of the two men's teams, which will help conduct the Community Chest campaign next month, have been appointed and accepted the work. John R. Harvie heads division "B" with his captains as follows:

Team number 9—A. North, captain.  
Team number 10—George P. Geochan, Jr., captain.  
Team number 11—David E. Graham, Jr., captain.  
Team number 12—A. D. Keen, captain.  
Team number 13—Ralph Lanville, captain.  
Team number 14—H. M. Martin, captain.  
Team number 15—R. R. Mobley, captain.  
Team number 16—O. L. Roach, captain.

The captains of the various teams are selecting their own workers for each team. The work of completing the organization for this year's drive is going forward very rapidly and from present indications the entire organization of one hundred and sixty workers will be complete by next Monday, one week in advance of the opening of the campaign, showing the interest and effort being put forward by the people of Danville to make this year's drive a success.

An executive committee meeting was held yesterday afternoon at the Chamber of Commerce and work was started on the matter of securing subscriptions from the business houses of Danville who have out of town headquarters, or who are members of the various chain stores operating in our city.

Active steps are being taken to get the workers from the Riverside and Dan River Cotton Mills who rendered such valuable services in last year's drive organized. This particular division during the drive of last year were responsible for raising \$5,000.00. H. R. Fitzgerald will meet a committee of foremen and others interested in the work at the Chamber of Commerce tonight at 8 o'clock for the purpose of getting in line to do even more effective work than was done last year.

### LATE NEWS

(By The Associated Press.)  
LONDON, Oct. 25.—The master of the British steamer Westland, who was whose safety was felt yesterday, sent a radio message to Lloyd's today giving his vessel's position at one o'clock this morning, as latitude 48.42 north, longitude 15.39 west between 300 and 400 miles off the Irish coast. This was taken to indicate that the steamer has met with no mishap.

(By The Associated Press.)  
NEW YORK, Oct. 25.—The Congoleum Company, Inc. today declared a stock dividend of 30 per cent, increasing the common stock from 240,000 to 1,000,000 shares.

(By The Associated Press.)  
ROME, Oct. 25.—According to a Turin dispatch to the Messaggio six grenades exploded at a military horse show being held in Turin in the presence of Premier Mussolini. One lieutenant was seriously wounded, while a sergeant and four privates were slightly hurt.

(By The Associated Press.)  
COLOGNE, Oct. 25.—Four men were killed and 17 men and women were injured here last night in the course of food rioting. The police resorted to arms when women refused to disband.

(By The Associated Press.)  
KEY WEST Fla., Oct. 25.—The steamer Mascotte, reported aground off Cape Canaveral last night, anchored this morning off the cape, leaking slightly but in no immediate need of assistance. The coast guard Cutter Yamacraw was standing by and will convey the steamer northward. The Mascotte sailed from Key West Sunday for Boston.

(By The Associated Press.)  
ATHENS, Oct. 25.—Government troops have occupied Corinth and the complete failure of the revolution is assured, according to advices received from the Peloponnese this morning.

### BETTER GRADES IN EVIDENCE

The better grades of tobacco were reported this morning as selling better than yesterday. The market sale of leaf on the Danville market since the season began. The seven warehouse floors were well covered with tobacco when the sales began. Estimates on the quantity raised from seven million to ten million and 600,000 pounds. This afternoon it was questionable if all of the sales would get around as five o'clock is the selling limit because of approaching dusk and the waning of light necessary to judge the quality of the offerings today. While medium and better grades showing no improvement in price it was expected that sales would be heavy again tomorrow.

### BAND CONCERT TONIGHT

Another of the free city band concerts provided for recently by the city council will be given tonight at this time at Stonewall Jackson School auditorium. The Coast Defense band will play. When the concerts were decided upon it was agreed that they should be scattered about town and tonight's event is given especially for the benefit of North Danville people, though the public from the community at large is invited. The concert was to have been held earlier in the week but the inclement weather prevented it.

### WAREHOUSEMEN TO FIGHT MARKET LAW TO A FINISH

While the four warrants which were issued at the request of the Tobacco Growers Co-operative Marketing Association against the Danville Warehouse Corporation and the Piedmont Warehouse Corporation, charging violation of the State marketing law have been docketed for trial next Saturday, it was learned this morning that in all probability these cases will be postponed in the police court until one day next week. Two of the warrants which were issued at about three o'clock yesterday afternoon against the Danville Warehouse Corporation, one of these alleging that Rufus Carter, inspector for the Association, had been denied access to warehouse receipts at Central warehouse and the other alleging that a pile of tobacco had been set out in a name other than that of a true owner. The warrants alleged the use of fictitious names on the tags appearing on two piles of tobacco. One of the alleged offenses took place in October.

The warrants were no surprise to the warehousemen in conversations with some of them today it was learned that after the South Boston episode that similar action here might be expected.

One of the developments this morning was the calling of a meeting of the Virginia Warehousemen's Association which is to be held at Keyville on Saturday, at which time the whole question of marketing, insofar as it is affected by the Virginia law will be discussed and a plan of procedure in the face of the latest developments determined upon.

It was reported this morning that possibly as many as fifty additional warrants in Danville were pending but this report was characterized as untrue by Harry Wooding, Jr., who recently succeeded P. J. Hundley in Danville as local counsel for the Association and who added that no further warrants are in prospect at this time.

## Faces Prosecution As He Fights With His Face To Wall

### ONE KILLED, 1 FATALITY HURT AT CROSSING

(By The Associated Press.)  
CAPE CHARLES, Va., Oct. 25.—One woman was killed, another fatally injured and a man less seriously hurt today when the automobile in which they were riding was struck by a northbound Pennsylvania Express train.

The accident occurred at a public road crossing just south of Onley, at 8:20 o'clock this morning.

Marjorie S. Jones, 70 years old, was killed instantly.

Mrs. James J. Hartman, 40, sustained injuries which physicians believe will result in death.

James Hartman, husband of the injured woman, was hurt, though not fatally.

Mr. and Mrs. Hartman were taken aboard the train which struck them and rushed to a hospital in Salisbury, Maryland.

All three persons in the automobile lived at Melba, Virginia, where Mr. Hartman is a prosperous farmer.

The accident occurred at an unobstructed crossing. It is believed that Mr. Hartman, who driving parallel with the railroad tracks, with side curtains on his car, did not see the fast train approaching.

### Scouting Fleet Is Due In Today From So. Drill Grounds

(By The Associated Press.)  
NEWPORT NEWS, Va., Oct. 25.—Battleships, destroyers and auxiliaries of the scouting fleet, formerly the Atlantic Fleet, which have been participating target practice at the southern drill grounds for the past two weeks, were expected here this afternoon to prepare for their part in the "Navy Day" celebration along the coast Saturday.

Some of the war craft, it is reported, already are on their way to New York, Boston and Philadelphia, although the assignments could not be learned here today. The battleship Utah will be thrown open to the public at Norfolk and the destroyer Osborne to the people of Newport News.

Unofficial reports reaching here are to the effect that the war craft have made some excellent records in the firing at the southern drill grounds.

Newport News and Norfolk are planning to entertain the sailors during their week-end stay in Hampton Roads, for the bulk of the fleet will come here to remain until the first of next week.

### MISTRIAL DECLARED IN YARBROUGH CASE

(By The Associated Press.)  
MACON, Ga., Oct. 25.—A mistrial was declared at 12:30 o'clock today in the case of Dr. C. A. Yarbrough, Macon dentist, who went on trial Monday in city court on a charge of riot in connection with the flogging of W. O. Barnett, harnessmaker, last February. The jury took the case Tuesday night.

## Check Flasher and Auto Thief Was Captured

Clyde Kloss, alleged car thief and check flasher, was arrested at Mt. Vernon yesterday afternoon by County Officer W. A. Thomas and Policeman E. C. Chaney, of Schoolfield, Danville. Kloss was arrested at the residence of Mr. Dodson, Bachelor's Hall, where Kloss presented a check for \$18 in payment for a pair of \$5 shoes. The check was on a Danville bank.

Kloss drove up to the store yesterday in a Ford touring car and with him was a pretty young girl. After making the purchase he drove on. Then it was that Mr. Dodson became suspicious and called the check was drawn on which the check was drawn and found that Kloss had no account. Schoolfield officers were notified. Kloss was found at Mr. Cross changing a brake shoe.

He and the girl were brought to Danville and Kloss was placed in jail and the girl was turned over to the Community Welfare Association and placed in a boarding house. At Danville police headquarters there was a letter from chief of police at Richmond in regard to Kloss and stating that he was wanted in that city for stealing a car. This fact was discovered by Officer J. N. Campbell, who makes it a business to look up by the license and motor numbers all cars that come under his observation. Police headquarters in Richmond were called up over long distance phone and authorities there were told that Kloss was badly wanted in Richmond, intimating that there were other charges against him.

Kloss stated that the girl who was with him was his wife. She denied this when questioned, stating that he had induced her to leave her home in Richmond on a promise of marriage, but had been showing a tendency to postpone the ceremony and that so far they had not been married.

## Uncle Sam Develops New Plane For Navy Warfare

This new metal airplane, just completed by the Glenn L. Martin Co., will be the "eye" of the navy. Although its function will be to direct artillery fire rather than to participate in any fighting itself, it is not unprepared to do battle on its own account. The top picture shows the new plane with fixed machine gun in the pilot's cockpit and with a scarf mount for a movable gun in the gunner's compartment in the rear. The observer has a compartment under the wing directly beneath the pilot's cockpit. Picture below shows the pilot's instrument board.

Cleveland, O., Oct. 25.—Navy Day, which will be observed Oct. 27, usually brings with it the thought of battleships, gobs in uniform and the open sea.

But here in Cleveland, hundreds of miles inland, the navy will observe the occasion by formally dedicating its latest word in fighting equipment—the newest development in naval airplane construction.

The event will assume a double significance. Not only is Oct. 27 Navy Day, it is also the birthday anniversary of the famous Theodore Roosevelt, whose son, Teddy, Jr., is assistant secretary of the navy.

The new plane will be a far-seeing eye to serve Uncle Sam's fighting ships. It is officially known as the NO-1 Martin observation plane. It was developed and constructed for the navy by the Glenn L. Martin Company, at whose field the dedication will take place.

With this auxiliary craft, the battleships, figuratively speaking, will have the crow's nest 10,000 feet high instead of 80 feet.

It is intended primarily to be used in connection with the battleship fleet for spotting and directing the range correction of gun fire by radio. The planes will be able to cruise for long periods—up to eight hours—at high altitudes. In addition, they are designed to afford a maximum visibility range for the observer. Monoplane construction is used with the wing placed at the top of the fuselage.

Double Landing Gear Inasmuch as they are to be operated from seaplane carriers as well as from the battleships themselves, they have been provided with convertible landing gear. In use, in conjunction

with battleships, the wheel gear is removed and floats substituted. The plane then is catapulted from the deck by mechanism provided for the purpose. When the plane returns from its mission, it lands on the water or alongside the mother ship and is hoisted on deck with a crane and tackle.

The outer wings may be removed in a small space. Outside of the wings, covering the entire construction of metal in the body of the plane, welded, brazed and riveted together. In the cantilever wings an aluminum alloy is employed.

The motor to propel this new eye of the navy is a 12-cylinder type, water-cooled and with 350 horsepower.

As a total loss. Even after crediting the value of these two properties the state has lost nearly 95 per cent. of her original investment.

Today the Virginia people have an alternate proposition of raising funds for public improvements rather than try again the disastrous bond plan. That alternate proposition is the gasoline tax which will raise money and construct the highway system on a pay-as-you-go plan without enormous interest charges.

Doesn't the past show and teach us a lesson? Doesn't it convince the people of Virginia that bonds pile up indebtedness not for two generations but for a half dozen generations? Does it not reveal that the bonds remain with future generations long after many of the public improvements have been covered with the dust of the past.

Of the seven ballots applied for, three go to one family—a citizen, his wife and daughter, who are in Clearwater, Fla.

Opponents of the "absent voters' law" today called attention to the disuse into which this system of voting has deteriorated since the law was passed in 1919. They urged attention to the cost and time and trouble involved in accommodating a few voters who desire to take advantage of the law.

The number of absent voters would be larger in the future. Robert J. Ingram, Va., Oct. 24.—The death of Mrs. Nellie B. Ingram occurred at Ingram last Wednesday.

She was a daughter of Mr. and Mrs. R. J. Strange, of Ingram. Being born April 25, 1888, she married Thomas Slayton, who died several years ago, leaving her with eight children, six of which survive her.

She was a member of Mt. Zion Baptist church. She is survived by her father and mother, Mr. and Mrs. Robert J. Strange of Ingram, Virginia and four sisters and one brother: Mrs. Ike Henderson, Mrs. Luther Dunn, Mrs. William Sanders, Mrs. Josephine Russell, and Robert Strange.

Her children surviving her are: Henry Slayton, Percy Slayton, Lester Slayton, Walter Slayton, Mrs. George Chandler, and Mrs. Ed. Adams.

The Richmond, Fredericksburg and Potomac Railroad and the Valley Turnpike constitute the two chief highways which have partially reimbursed the state for its original cost. But for them, the old bond issue would stand

as a total loss. Even after crediting the value of these two properties the state has lost nearly 95 per cent. of her original investment.

## "FATHER'S DAY" CELEBRATED BY LIONS OF CITY

"Father's Day" or "Night" was celebrated last evening at the Y. W. C. A. by the Danville Lions Club and an inspiring address was made by the Rev. John Page Jones, pastor of Lee Street Baptist Church, his subject being the "Father and Home Life."

It was pointed out by the speaker that the home was the foundation of the nation's life and that the father owed a duty to work with the mother to make the home not only a pleasant place in which to live, but a place where right principles are instilled, this being the birth right of every child. A eulogy was paid by the speaker to the right kind of fathers, those who took an interest in their homes and their children and by example gave them a life and a realization of their duty toward their fellow man.

Ladies of the Main Street Methodist church prepared the supper, a delightful meal having been arranged. They also decorated the assembly hall of the "Y. W." in a beautiful manner, the halloween scheme followed out. A delightful feature of the affair was furnished by the non-garrulous goblins who waited upon the table. Eight or ten young girls, dressed in the latest and most approved halloween style, served the delicious victuals, coffee and dessert, and did it without a murmur. Lions were reminded of the quiet, homelike atmosphere that was thus thrown about the occasion by this lack of loquacity.

It was decided at the meeting last night that instead of holding one meeting at midday and the next in the evening that meetings would be held as heretofore, with occasional evening meetings.

It was proposed by Judge Harvey that the Community Chest drive be endorsed and this was done by a unanimous vote of the club. When it was further proposed that the club donate a substantial amount of money to the drive the matter was referred to the finance committee.

R. E. Tobin was the recipient of the attendance prize. Secretary Herb Hoffman read the attendance records made by the various members made during the past quarter. There were some 50 or 60 members who had a 100 per cent record. The average was between 50 and 70 per cent.

SENTINEL AND HIS PRISONER HELD (By The Associated Press)

NEW YORK, Oct. 24.—A sentry and an escaped prisoner, members of a party of five prisoners and two sentries, who disappeared from Fort Hamilton yesterday, were held by military authorities tonight. The prisoner, John Bannan, surrendered at Fort Totten, and will be returned to Fort Hamilton tomorrow. James Cooper, of Trenton, N. J., one of the sentries, returned to the Fort Hamilton barracks early today.

Cooper denied he was a deserter, explaining his absence was due to a long and vain search for the fugitives. He said that he and his fellow sentry, left the reservation in pursuit of the escaped prisoners. In the hunt he became separated from Blair and the prisoners. Neither Blair nor the other prisoners have been found.

REV. J. M. OAKLEY WAS RENAMED FOR OLD POST

It was learned yesterday that the Rev. J. M. Oakley had been reappointed conference evangelist of the Virginia Conference at its recent meeting in Richmond. Mr. and Mrs. Oakley will continue to make their home in Danville.

Mr. Oakley has just completed his 29th year in the ministry and has held evangelistic service in every section of the Virginia Conference and in other states.

CO-OPS MEETING A meeting of Co-ops will be held at Ruodens school house (colored) Saturday afternoon at 4 o'clock. Non-members are invited.

ROBERT WALTERS President.

## Extension Class For Teachers Be Organized Here

The class in the "Technique of the Project Method of Teaching," which is being offered by the extension bureau of the University of Virginia for the teachers of Schoolfield, Danville and the surrounding county will hold its organization meeting on Thursday, October 25, and subsequent meetings on the Tuesdays of eight consecutive weeks. Two sessions will be held—one in the afternoon at 3:00 o'clock and one in the evening at 7:30.

This class will be conducted by Miss Mamie E. Rohr, and will describe somewhat in detail the nature and purpose of the course. All teachers who are interested to hear about the course will be welcome at this meeting. The course will carry two points, or one session hour of college credit and will count one-half toward the renewal of certification of teachers. The course will be given twice, once in Danville and once in Schoolfield, the county teachers wishing to enroll, the class will be given free to enroll in the more convenient group. Miss Rohr, who is to conduct the class, has been connected with the University of Virginia for two years. She has had much experience in educational work, having begun her work first as a grade teacher and then as departmental teacher in the Lynchburg Public School of the Farmville State Normal School. From there she went to New York where she taught in the Horace Mann School while working for the degree of master of arts at Columbia University. She came to the University of Virginia from the University of Delaware where for three years she held the position of assistant professor of education and where she had much educational work, having conducted each year while connected with that institute classes for the Wilmington and New Castle County teachers.

Miss Rohr has just returned from conferences with members of the Columbia University faculty and she brings fresh inspiration to her work from these conferences.

The course being organized for the teachers of this community is one that will appeal to every teacher who wishes suggestions and demonstrations, as to how modern educational theories can be reduced to actual school room practice.

CONTRIBUTORS TO CHEST MEMBERS

The following post-card notice is being sent out to members and prospective members by Rev. J. Callaway Robertson, president of the Community Welfare Association:

"Every contributor to the Community Chest is entitled to membership in the Community Welfare Association. Every member should know what work has been done in the past year. The annual meeting will be held Tuesday, October 30th, at 8 p. m., at the Chamber of Commerce. Mr. Frank Bane, State Commissioner of Public Welfare, will speak."

GLORIA SWANSON HAS A GREAT ROLE IN THE NEW PHOTOPLAY

Women Picture Fans Will Admire Her Gowns in "Bluebeard's 8th Wife."

Gloria Swanson's latest Paramount picture, produced by Sam Wood, is a picture of "Bluebeard's 8th Wife."

It is said to afford Miss Swanson one of the strongest roles of her screen career, and what her women admirers will relish most perhaps, provides her with ample opportunities for the display of amazing gowns.

The story is that of a beautiful daughter of French nobility whose father is impoverished and wishes to marry her off to a man of wealth. His wish becomes reality when a rich American meets and falls in love with her. She also loves him.

Then it is learned that the American is a "youthful Bluebeard" and has been married seven times. One wife, it is learned, died. The other six he divorced. Miss Swanson as the 8th wife, is shocked by the cold-blooded business arrangement made of her marriage and determines she will not be like the other wives, divorced.

So she becomes his wife in name only and exasperates him to continual outbursts of temper. But she also awakens his love and the real manhood in him. As a final taunt, she causes herself to be found in a compromising position with another man. Her husband is jealous and both realize he really loves her. She agrees to give him a divorce, but he, realizing what she means to him, does not want it. Instead, he goes to her humbly, her sweetheart.

Miss Swanson's leading man in "Bluebeard's 8th Wife," which will be shown at the Broadway Theatre next Monday and Tuesday, is Huntley Gordon, a popular player. Paul Weigel, Frank R. Butler, Robert Agnew and Irene Dalton are in the cast. R&R

## VEGETABLES.

(By The Associated Press.)

CHICAGO, Oct. 24.—Under the stimulus of high prices for apples in foreign markets owing to a short crop, exports of apples have been unusually heavy this season, most shipments going to England and Scotland, according to a statement issued today by the United States Bureau of Agricultural Economics.

September exports of barreled apples were 155,474 compared with 88,921 the same month last year, it was pointed out.

## LONG SHOT WINS RACE.

(By The Associated Press.)

LAUREL, Md., Oct. 24.—Old Wellbourne, a 132 to 1 shot, won by a nose from Valley of Dreams in the last race here today. The pari-mutuels machines paid \$264.80 on 32 tickets on the horse to win. Place paid \$50.70 and show \$13.90.

Jockey Brucening rode the winner, a three-year-old owned by Dr. C. A. Randolph.

## WOOD AND READ LEAVE MANILA

BY WILFRED WILGUST.

(By Chicago Tribune Service)

MANILA, Oct. 24.—Governor General Leonard Wood and General George Read, commanding the United States troops in the Philippines left on Monday for Zamboanga because of the seriousness of the Moro situation.

Seventy-five members of the constabulary have been ordered from Zamboanga to Manila while seventy more have been ordered from Misamis and other points to Zamboanga. About 150 more will leave from Manila to the trouble zone.

General Rafael Crame, chief of the constabulary, will accompany the Wood party which will leave on the yacht Apo. The party will pick up fifty members of the constabulary at Cebu.

General Wood will go first to Cotabato and thence to Parang.

Another contest between Governor Wood and the coalitionists has developed over the appointment of general manager for the Manila railroad which is government owned. The railroad is under the supervision of a board of control, consisting of the governor general, the president of the senate and the speaker of the house.

When Colonel H. B. McCoy, the former general manager, died on October 1, it was understood that Governor Wood was desirous of appointing another American as his successor. However, Manuel Quezon has announced that he will permit no American to have that office, insisting that a Filipino be named.

Miguel Cornejo, recently appointed as a member of the House of Representatives, is introducing a bill to cut the salaries of the legislators by a half to apply on savings to build up the Philippine army. It has not yet been figured out how a big army can be raised in such a manner.

Isidro Gabaldon, the Philippine resident commissioner at Washington, called for the United States yesterday.

## TO GUARD FEDERAL OFFICE.

(By The Associated Press.)

FORT WORTH, Texas, Oct. 24.—An armed guard will be posted around the office of the United States district attorney here tonight, starting tonight, it was announced today, following an attempt Sunday night to rob the office. Important papers bearing on the widespread federal oil probe are thought to have been sought by the would be robbers.

## AT THE MAJESTIC.

Popular "Lasses" White's All Star Minstrels Here Tomorrow Night.

"Lasses" White, most famous of black face comedians, and his own company, the All Star Minstrels, will be the attraction at the Majestic Theatre on Friday, October 26th. It is now four years since "Lasses" became the head of his own organization and each succeeding season has found him more intrenched in the favor of the minstrel loving public.

Company ownership with "Lasses" is viewed differently than is the case with some other minstrels who have grown into ownership, and then ceased to be active. With "Lasses" it has not alone increased responsibility, but an even greater effort to merit the generous support that the public had given to the All Stars. "Lasses" accepts the task of not alone arranging the program, but he also writes the sketches and conducts the rehearsals of the entire show. "Lasses" has this season the advantage of being surrounded by an exceptionally strong company. "At the Seaside" and "The Blackville Speedway" are two of the important features this season.

Prices 50c to \$2.00. Reserve seats now at box office.

# Forbes Is Given Chance To Reply To Charges Made

Mortimer Tells Committee

Startling Story of Debauchery and Corruption Against Former Head of Veterans Bureau—Committee Recesses Until Monday.

(By The Associated Press)  
WASHINGTON, Oct. 25.—Having heard a rather startling story from Elias H. Mortimer, of Philadelphia, Port to his relations with Charles R. Forbes, former director of the veterans bureau, while he was seeking a contract from the bureau last year for the construction of a hospital, the Senate committee investigating the bureau's activities today until next Monday recessed its session.

Before adjourning late yesterday the committee decided to give opportunity next Tuesday or Wednesday to Mr. Forbes to reply to Mortimer's story, which contained charges of intrigue, debauchery and corruption in connection with the awarding of a contract for the building of a veterans hospital at Northampton, Mass., to the Pontiac Construction Company of Detroit, represented by Mortimer.

Mr. Forbes came to Washington last Monday from Seattle, where he has been undergoing treatment for a serious malady and attended the opening session of the hearings on the advice of friends he has been absent since that time. His plans as to appearance before the committee have not been made known. He left yesterday for the hotel where he has been staying and efforts to locate him have been unavailing.

In suggesting to the committee that Mr. Forbes be heard next week, Major General John C. O'Byrne, counsel for the committee, said that it would be understood of course, that after Mr. Forbes had made his direct statement he would be subject to cross examination by committee members that Mr. Forbes should be heard out of order because of his statement to the committee Monday that he was anxious to return to the Seattle hospital for treatment as soon as possible.

## ALEXANDER CHARGES CHEAP POLITICAL TRICK BY FORBES

(By The Associated Press)  
SEATTLE, Wash., Oct. 25.—Commenting on testimony given yesterday before the Senate committee investigating the veterans bureau, H. F. Alexander, president of the Pacific Steamship Company last night declared it was his conviction that Charles R. Forbes had been playing a cheap political trick.

## Peterson's Ointment Best For Eczema

First Application Stops Itching on Eczema, Salt Rheum and Piles.

Ends Chafing Distress in Five Minutes  
"Live and let live is my motto," says Peterson of Buffalo. "Drugsists all over America sell PETERSON'S OINTMENT for 35 cents a large box and I say to these druggists, if anyone buys my ointment for any of the diseases or ailments for which I recommend it and are not benefited, give them their money back."

"I've got a safe, full of thankful letters testifying to the mighty healing power of Peterson's Ointment for old and running sores, eczema, salt rheum, ulcers, sore feet, broken breast, itching scalp, chafing and blind, itching and bleeding piles."

T. G. Roderstrom, of 508 Loraine Street, Detroit, writes: "I suffered with piles for over 25 years—nothing did me any good. After my fourth box of Peterson's Ointment, I am nearly cured. It is the greatest ointment I ever heard of." 35c, 60c, \$1.00, \$2.00, \$5.00.—adv.

MRS. M. SANDRIDGE

## The Appealing Charm of Health

Richmond, Va.—"I can't wait well of Dr. Pierce's Favorite Prescription as a woman. I have been in a run down or nervous condition it has never failed to strengthen and build me up well and strong in a comparatively short time. I would recommend this 'Prescription' to every woman who is ailing or nervous for it is the very best remedy for women's ailments that I have ever known."—Mrs. M. Sandridge, 293 S. Harrison St., Chicago.

Mr. Forbes action in presenting him with a Harding inauguration medal was a "cheap political trick," said Alexander, on the occasion of a luncheon to the Tacoma Chamber of Commerce aboard the new liner H. F. Alexander, when the steamer first visited Puget Sound.

## Auditor Takes Issue With Richmond Figures

(Continued from page one)  
at the figures which were sent out last night and he expected that the reply would show that the public utilities had not been taken into proper account. Mr. Moss stated that he assumed that the figures were secured from the report which he recently filed with the state auditor and that probably they were based on a condensed table and that no careful analysis of the Danville figures had been made.

The article sent out from Richmond is as follows:

(BY CARTER W. WORMLEY)

RICHMOND, Va., Oct. 24.—A subcommittee of the Commission on Simplification and Economy of State and Local Government held a recent meeting in Richmond to put in final shape its report to the coming session of the General Assembly. The committee consisted of Senator John Gunn, chairman; Miss Adele Clark, secretary; Dr. Robert H. Tucker and Dr. John Garland Pollard.

The Commission found it impossible, on account of lack of time and money, to go deeply into the question of local government, for which reason its legislative report will be confined almost entirely to state government. It will, however, publish in its report a table setting forth the comparative per capita cost of government in the counties and cities, and will suggest that a closer study of the subject will reveal valuable information on which to base legislation for greater efficiency in local government.

It is interesting to note from the table referred to that the per capita cost of government in Caroline is only \$2.11, while the per capita cost of government in Brunswick is \$14.88, or seven times as much. The per capita cost of government in Accomac is \$7.44, while in the adjoining county of Northampton it is \$12.30.

## ROMANCE FATAL TO ART Says Maeterlinck's Former Wife

GEORGETTE LEBLANC

NEW YORK, Oct. 25.—"I shall never love again," declares Georgette LeBlanc. This to confound a rumor that the former wife of the poet Maeterlinck was contemplating marriage with a wealthy American upon the completion of her present tour of the United States.

"I live alone for my art now," she says, "Romance is fatal to an artist. I have had my romance. Now I shut my mind on it."

Be that as it may, the sparkling Georgette is more sparkling than ever. She has arrived from Paris with trunks and trunks of exclusive Paul Poiret creations. She is booked for recitals all over the United States. Many of them will bring her a thousand dollars an appearance.

## Declares U. S. Must Take Leadership Of World Affairs Again

Underwood Says America Must Return to Principles Guiding Her During War and Exercise Governmental Policy In Europe.

DALLAS, Texas, Oct. 25.—Oscar W. Underwood, United States senator from Alabama, declared in an address at the Texas State fair here today that America has surrendered leadership in world affairs, losing herself in partisan politics and the plan duty that she ahead is "to return to the principles guiding America in the great war, to have an exercise of the noble governmental policy in Europe."

Mr. Underwood opened his campaign for the Democratic presidential nomination late yesterday at Nacogdoches, Texas, when he declared he was "going to give the South a chance to elect a Southern man to carry the banner of democracy. The South must assert itself," he said and expressed belief "that the great Democratic north will recognize its right to carry the banner."

Last night at Wichita Falls Senator Underwood declared that America should be guided by federal reserve cutters if necessary and termed the recent conference of governors with President Coolidge on law enforcement a "back passing affair."

Today the Alabama senator asserted that the Versailles peace table America "did not win all we hoped for but our government still stood for the high ideals we championed during the war."

"Then a united country lost itself in partisan politics," he said. "Our government abandoned the high and unselfish position the American people took during the war. We surrendered the leadership in world affairs which our great sacrifices had won for us. We refused longer to sit in council and encourage the peaceful settlement of the difficult problems that confronted Europe. We deserted the field made forever sacred by the blood of our heroic dead."

"What has come of it?" Senator Underwood asked.

"Half a decade has rolled by since the armistice and we already tell the story. We have already lost the confidence of the people of the world because when the time came we failed to play our part."

"And with what result? Europe still in arms, standing armies greater than they were in 1914, petty wars, racial jealousies, national hatreds the order of day war debts increased, unemployment, sickness and poverty the common lot of many peoples."

"We have planned, then, to res ahead of us," he concluded. "Let us return to the principles guiding America in the great war, to have and exercise a definite governmental policy in Europe that will function by peaceful means, aid in the establishment of stable financial and business conditions and suggesting and aiding in the international understanding that will close the door to war."

## Washington Welcomes Lloyd George; Will Visit Woodrow Wilson Today

WASHINGTON, Oct. 25.—Washington, prepared to entertain crowds here with the tributes of greeting and entertainment, extended the official welcome of the nation today to David Lloyd George, Great Britain's war-time premier.

## Faces Prosecution As He Fights With His Face To Wall

(Continued From Page One)

nouncement of a legislative investigating committee that it would present to a grand jury all impeachment charges against him and while the executive awaited the outcome of his court challenge of its authority to suspend him from office, the upper House of the state Legislature, holding its first meeting as a court of impeachment, prepared to set in motion the machinery for his trial.

Having already approved seven of the 22 charges contained in the committee report and forwarded them to the Senate as separate bills of impeachment, the lower House went in session to consider the remaining counts of the indictment. Observers considered it as significant that but seven out of the 104 members of the House have voted consistently against acceptance of the charges. In each case the majority for adoption has been overwhelming.

The state supreme court this afternoon will hear an application to make permanent a writ of prohibition restraining Governor Walton from interfering with Lieutenant Governor M. B. Trapp as acting governor. This writ was granted late yesterday after the governor, refusing to relinquish the executive chair, had obtained an injunction in district court barring Lieutenant Governor Trapp from the office.

The writ of prohibition was obtained by the state attorney general "in behalf of Acting Governor Trapp." It superseded the governor's action and also made Governor Walton and district Judge John Chambers, an appointee of the governor, who asked the injunction, defendants. Both are expected to appear before the supreme court this afternoon.

The Senate impeachment court, presided over by Chief Justice John T. Johnson, of the state supreme court, will convene this afternoon and possibly set a date for the trial after hearing a report from its committee on procedure.

So far Governor Walton stands formally charged with diversions of public funds for private use; prohibiting the convening of a grand jury; use of his official influence to acquire private property and credit; accepting a bribe to approve a legislative measure; suspension of the writ of habeas corpus unlawfully preventing a meeting of the state legislature and attempting prevention of a special state election in violation of the statutes.

## Discuss Problems Of Fire Fighters; Election Tonight

(By The Associated Press)

RICHMOND, Va., Oct. 25.—Election of officers tonight and discussion of problems of fire fighters during the day sessions were on the program today for the annual convention of the International Association of Fire Engineers. Those problems were discussed this morning by Howard L. Stanton, of Norwich, Conn.; Samuel H. Short, Oakland, Calif. and Edward A. Barrier, of New York. A Gray Gilmer, of Oklahoma City, told the fire chiefs of the problems being faced by Oklahoma City both in the fire department and through the recent troubles of the state.

Fire prevention was the topic at the afternoon session with George B. Muldaur, general agent of the Fire Underwriters' Laboratories, as the chief speaker.

Business sessions will be ended tonight with election of officers and a ball.

# 11 Vacancies Must Be Filled Before Congress Convenes

November Election Will Decide One Senate Vacancy and Ten Representatives For House—Strength of Opposing Sides Beginning to Be Felt Out.

(By The Associated Press)

WASHINGTON, Oct. 25.—One vacancy in the Senate and ten in the House remain to be filled before the convening of Congress. In most cases the contests will be decided on November 6, the general state election day.

The Senate seat vacant is that formerly occupied by the late Wm. P. Dillingham, Republican, Vermont. Former Representative Porter H. Hale, Republican and Park H. Pollard, a first cousin of President Coolidge, but a Democrat, are the contestants for this place.

In the House there are four vacancies in the New York delegation and one each in the Arkansas, Illinois, Kentucky, Mississippi, North Carolina and Vermont delegations.

In the last election Democrats were returned in all of these districts except two, the Thirty-Second New York and the Second Vermont.

Should the Democrats hold their ground in the coming contests they would have a total of 203 members in the House and Republicans 224 with one Farmer-Labor, one Independent and one Socialist. Thus the Republican plurality would be only sixteen as compared with 170 in the last Congress, while its majority over all parties would be only thirteen.

Counting a Republican victory in Vermont the majority party will have solid delegations in the House from only ten states—Iowa, Maine, Minnesota, North Dakota, South Dakota, Utah, Vermont, Wisconsin and Wyoming—as against twelve solid state delegations in the Democratic column—Alabama, Arizona, Arkansas, Florida, Georgia, Louisiana, Mississippi, Nevada, New Mexico, North Carolina, South Carolina and Virginia. In the last Congress the Republican

Means had solid House delegations from 23 states and the Democrats nine.

Should the Republican candidate be elected in Vermont, the Republican plurality would be eight compared to 21 in the last Congress while their majority over the other parties would be only six.

Sixteen states will have solid Republican members in the Senate and twelve will have solid Democratic delegations. In sixteen states the delegations will be divided between these two parties and one state, Minnesota, will have a Farmer-Labor delegation.

The states having one Democratic and one Republican senator are: Arizona, Colorado, Delaware, Indiana, Kentucky, Maryland, Massachusetts, Michigan, Missouri, Nevada, New Jersey, New Mexico, New York, Oklahoma, Rhode Island, Utah, Washington, West Virginia and Wyoming.

Outside of the "solid south" Montana is the only state to be represented by two Democratic senators.

## The Richmond Is Due In Tomorrow

(By The Associated Press)

NEWPORT NEWS, Va., Oct. 25.—The scout cruiser Richmond, now in Hampton Roads, is due here tomorrow night to be in readiness for the presentation of a silver service by the city of Richmond. Richmond will present the cruiser with a punch bowl and goblets and the silver service given on the old battleship Virginia by the state of Virginia will be rededicated.

Lieutenant Governor J. D. West will make the rededication address. The Richmond is just back from a shake down cruise to Europe, Africa and South America. She covered 17,000 miles in record time on the trip.

The cruiser brought back the bodies of forty members of the crew of the U. S. S. Pittsburgh, who died during the influenza epidemic in 1913 and were buried in Rio de Janeiro.

# Alexandria Man Now Issues Statement

"Tanlac built me up so remarkably a few months ago that I will certainly never again feel like I did 'get run down,'" as the tribute paid the treatment by John G. Nash, mechanic who lives on Duke St., Alexandria, Va.

"A severe cold and cough last spring got so badly run down I did not feel like working. My appetite was poor and burning pains in my stomach and chest after meals made me miserable. I seldom slept well, and had a tired-out feeling most all the time, and was losing weight right along."

"Four bottles of Tanlac put me to eating heartily and digesting everything perfectly and did away with all my pains and that tired feeling. I also sleep soundly now. Have regained my weight, and feel better and stronger in every way. Tanlac is certainly a good medicine."

Tanlac is for sale by all good druggists. Accept no substitute. Over 31 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.—adv.

# RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Pains on Starts to Leave the System Within Twenty-Four Hours.

McFall's Drug Store and every druggist in this county is authorized to say to every rheumatic sufferer in this county that if a full pint bottle of ALLENRU, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatism, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished even in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidney, and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen the discoverer of ALLENRU, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent for his discovery unless ALLENRU decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance.—adv.

### DO YOU KNOW WHY MEN FIGHT?

DO YOU KNOW WHY the Revolutionary War was fought?

IT WAS FOR PROPERTY. (We called it freedom, but we wrote the word property into our Constitution.)

DO YOU KNOW WHY the Franco-Prussian War was fought?

IT WAS FOR PROPERTY. (They called it honor, but they wrote the word property into their peace compact?)

DO YOU KNOW WHAT Caesar's invasions were for?

THEY WERE FOR PROPERTY. (He called it a conquest of the people, but it was really a conquest of land where people lived.)

DO YOU KNOW WHY the Great World War was fought?

IT WAS FOR PROPERTY. (They said it was because a prince was killed. Ten million men have been killed—and all because of property.)

SO IT HAS BEEN FROM the dawn of the world to now. SO IT IS WITH YOU.

IF YOU ARE FIGHTING—YOU are fighting for property.

IF YOU ARE NOT FIGHTING FOR PROPERTY you are one of the conquered instead of the conquerors.

THE OWNERS OF THE LAND are the kings of the earth. Make no mistake about that.

WHATEVER YOU DO, GET property and get it now.

MONTE ATTILLI, A BOXER 15 YEARS, IS NOW STONE BLIND.

SAN FRANCISCO, Calif., Oct. 25.—Monte Attilli, once a star bantam-weight, whose fame almost equaled that of his more gifted brother, Abe, former holder of the featherweight championship, is stone blind.

Monte is now conducting a newsstand here, having been backed financially by old friends.

Attilli was in the ring fifteen years. One of his greatest fights was a 42-rounder against Frankie Conley at Vernon, Calif.

Attilli injured his eyes in this fight, and so gradually lost his sight entirely.

## Shift Play, New To Yorkers To Be Introduced Sat.

(By The Associated Press)

NEW YORK, Oct. 25.—A shift play in which but one of the eleven men holds his original position will be introduced by New York football followers at the Yankee Stadium Saturday afternoon when Dr. Clarence Spears sends his West Virginia mountaineers against Hugo Berdeks Penn State Nittany Lions.

The play is an elaboration of the old Dartmouth shift taught by Major Frank Cavanaugh when Spears was a Dartmouth undergraduate and employed with some variations by Spears when he became football mentor of the green.

In the original Cavanaugh play only the guards and backs figured in the shift; in the Dartmouth development of the play under Spears, the guards backs, and ends were called upon to shift. In the latest development now employed by Spears at West Virginia, every player but the center jumps to a new position just before the ball is passed, and from the shifts are developed all types of defense, end runs, off tackle sweeps, line bucks, forward passes and kicks.

The Nittany Lions twice have encountered Spears earlier in the development of the play. In 1919 Spears' Dartmouth eleven employed it as the basis of attack, defeating one of the sturdiest Penn State teams among them who were all-American stars. Bob Haggins and Charlie Way. In 1919 the shift resulted in an early Dartmouth lead over Penn State as well as its way to further scoring when late in the game Glenn Kilgus nabbed a Dartmouth pass and sprinted 70 yards to a touchdowns the Penn team a slight margin.

The strength of Spears new play appears evidenced in the fact that the West Virginia eleven scored two touchdowns on Pittsburgh, which checked the powerful charges of Syracuse last Saturday although beaten, 3 to 0.

Coach Spears lays claim to the title of "Kid Coach" because he has been generally accorded Chief Meehan, the Syracuse mentor Spears was but 19 years of age when he graduated from Dartmouth and assumed the role of head coach at Hanover. The West Virginia instructor has yet to reach his 26th year.

## Hampden-Sidney Irons Out Kinks

HAMPDEN-SIDNEY, Va., Oct. 24.—Heavy rains Monday night and Tuesday delayed outdoor work through Wednesday causing Coach Bernier to resort to indoor tactics primarily. Two skill drill classes were conducted on the inclement days, one in the afternoon, the other at night. The instruction aimed at unity of the entire eleven. Coach Bernier is slowly approaching the point where his charges will be on the down grade. The number of new men on his eleven has made it necessary that time bring the result in team work. Now that the new men and the old are familiar with each other and with Bernier's system of play, the team is rapidly straightening out the kinks.

The game on Saturday with the Roanoke Maroons is one of the biggest on the Tiger schedule. The Salamites are coming to Hampden-Sidney in big array, but will be met in like manner by the Tiger student-body which is preparing for an event unlike anything that ever has been held on Death Valley, namely, that of opposing the "entire student-body" of another institution in cheering while the two teams fight for victory.

With Hart prepared to take his place on and in case Ott or Hinkle need relief, and with Tyson back at half, the Tigers eleven will be intact with one exception. Oudley, who sustained an arm week before last, is still unable to rejoin the squad. "Bill" Richardson of Richmond is holding down the center position for the present, and is exhibiting rare form for a man of his build. "Red" is also known, weighs out 155, but was picked last Saturday in the Elton game as the outstanding lineman on the Tiger team.

PICK HARGRAVE

CINCINNATI, Oct. 25.—Majority of the National League players rate "Bubbles" Hargrave of Cincinnati as the best catcher in that organization. Aside from being a crack receiver, Hargrave is a fine batsman.

## Frisch, Baseball's Greatest Star Declares Billy Evans

MR. FRISCH HIMSELF.

BATTING, FIELDING AND "LOOKING PRETTY."

By BILLY EVANS

With Ty Cobb having passed the peak of his game and the future of George Sisler uncertain, Frankie Frisch of the New York Giants looms up as baseball's greatest all-around star.

For years Ty Cobb has reigned supreme in baseball. Experts regard him as the greatest player of all time. A few years back Father Time started to get in his work and Ty Cobb the great began to slip a trifle. That was to be expected Cobb, despite his greatness, is only human and could not go on forever.

Enter George Sisler as the "logical" successor for Cobb's crown. The great first sacker of the St. Louis Browns had earned the right to the title of the game's greatest star, when an affliction of the eye cut short his career. Sisler did not play a single game last season. His career as a player is still shrouded in uncertainty.

Frisch is a Marvel.

With the veteran Cobb out of the

running, and Sisler in doubt, the honor of being rated the game's greatest all-around player must be passed to Frisch.

The work of Frankie Frisch in the 1923 season between the Yankees and the Giants was nothing short of remarkable. He starred in the field and at the bat. He made a dozen seemingly impossible plays in the field and at the bat was a constant source of annoyance to the Yankee pitchers.

Frisch is a natural batsman. He is a shift hitter. In terms of baseball that means he bats either from the right or left side of the plate. Frisch prays to bat left-handed and always does so when a right-handed pitcher opposes the Giants. Against southpaws he shifts to the right side of the plate.

### Real Speed Merchant

It is impossible for the opposition to play for Frisch. He is a place hitter, driving the balls to all fields according to the style of the pitch

according to the style of the pitch and the position of the opposer's outfield. His style is far more graceful as a left hander than right. Bating right-handed he assumes a rather peculiar crouch position.

Unquestionably Frisch is the fastest man in the National League. It is not both leagues. His only rival in this respect is Archdeacon of the Chicago White Sox. There is little to choose between the two.

In the field his work is uncanny. He goes to his right or left with equal ease and his great speed enables him to cover a wide range of territory. It takes a mighty fast hit ball to elude his grasp.

Since the very first time I saw Frisch in action I marvelled at his all-round ability. After watching him for six games in the recent world series, I am convinced that he is the greatest all-around performer in the game. He doesn't see to have a single weakness.

Players of the Cobb, Sisler and Frisch type are a decided rarity

## Sande Proves He Is Great Jockey

LEXINGTON, Va., Oct. 24.—Driving his charges at a stiff pace until long after dark this afternoon Coach De Hart allowed his squad barely time enough to relax at their evening repast, before they were ordered to report for an evening blackboard session at the gymnasium. For more than an hour in the afternoon's session, Monk Martox's "wildcats" worked V. F. I. formations and plays against the Varsity and it was only with difficulty that the Big eleven succeeded in stopping them at all. The Varsity understudies have been working hard on Tech plays for the past two weeks and are capable of giving Captain Cameron and his outfit a mild taste of what they will experience next Saturday in Lynchburg. Scrimmage sessions will be continued throughout tomorrow, and the week's training will end Friday with a long signal drill. Present plans

call for the team leaving here late Friday, and spending the night at a country inn, outside Lynchburg. The squad will reach the "hill city" shortly before noon Saturday. If hard work and persistent effort can be taken as any indication, Washington and Lee should send the now drilled eleven against Virginia Tech that has started against the Packers in years.

While the Varsity has been undergoing its heavy work this week, the first-year aggregation under the careful hand of Eddie Davis is preparing for the Chatham game next Saturday, also billed for Lynchburg. The two teams will meet at 10:30 on the Lynchburg College field, and the game promises to be little less spectacular than the big game of the same day. The yearlings are still sporting under the defeat handed them by the strong Naval Academy eleven at Newport News Saturday and are determined to take their vengeance out on Chatham. The fresh in many respects are better fortified with material than any other first-year outfit representing this institution ever has

been but for some reason have been unable to play consistent football. In their recent victory over S. M. V. the Little Generals showed all the show and punch necessary to a scoring machine, but during the last game it was conspicuously absent. Coach Davis has cut his squad down to a workable one now, and is putting in much time giving the players individual instruction and correcting weaknesses displayed in earlier games. The Little Generals should show their wares to good advantage against Chatham Saturday.

The Big Eleven will probably have some new faces in the lineup when it takes the field against Tech. for Tech is not satisfied with its forward, and results in this department must show an improvement by Saturday if the Generals hope to take a full out of Tech. New plays have been given the team this week and as the tutoring staff sees in them the necessary force to defeat the Gobblers, if they work, Saturday alone will solve the "if."

## CHANCE MAY PILOT WHITE SOX TEAM

(By Chicago Tribune Service)

CHICAGO, Oct. 24.—An intercepted telephone conversation here today revealed the fact that Frank Chance, "Peerless Leader" of the Chicago Cubs for many years, may manage the Chicago White Sox next year.

Since the resignation of Kid Gleason, Chance's name has been repeatedly mentioned for the management of the Sox.

Today a prominent business man and baseball fan was out in on a conversation between two women when he tried to call a number.

He discovered that one of the women was a relative of Chance's and that the gist of the conversation was that Chance would be back in the game as White Sox manager.

While manager of the Cubs, Chance won four league championships and two world series championships.

## SECOND TEAM IN DRAW YESTERDAY

In a return game played yesterday at Leesville between the second team of the Danville High school and the Leesville High second team the final score was a 0 to 0 tie. Both teams had chances to score, but at critical moments the defense tightened up and the invaders were held back.

## BEST TEAM IN NATIONAL AS THE UMPIRE SEES IT

(Special to The Bee)

NEW YORK, Oct. 25.—No one is in better position to judge the relative merits of a ball player than the umpire. The arbitrators for 154 games see the athletes labor under all kinds of conditions, thereby getting a different angle than the scribe who sees only a limited number of games by rival teams.

During a recent fanning bee in New York, in which a number of the National League staff took part, it was agreed that the following all-star team from the National League would be hard to beat:

Infielder Bottomley of St. Louis, first base Hornsby of St. Louis, second, Bancroft of New York, shortstop and Trajnor of Pittsburgh, third base.

Some of the umpires figured Frisch too great a player to be left out and though it might be wise to use Frisch at second and play Hornsby at first, a position with which he is familiar.

In the outfield Roush was first choice and then Max Carey. There was a difference of opinion on a third fielder, but Wheat of Brooklyn, who is playing a great game this year, won out. Other outfielders to receive favorable mention were "Cy" Williams of the Phillies, because of his home-run hitting, and Young and Meusel of the Giants for their dependable play.

O'Farrell of the Cubs was selected as the most valuable catcher in the league because of his youth, promise and ability. There was a wide difference of opinion on the pitching question, each office having a certain pitcher who looked best to him.

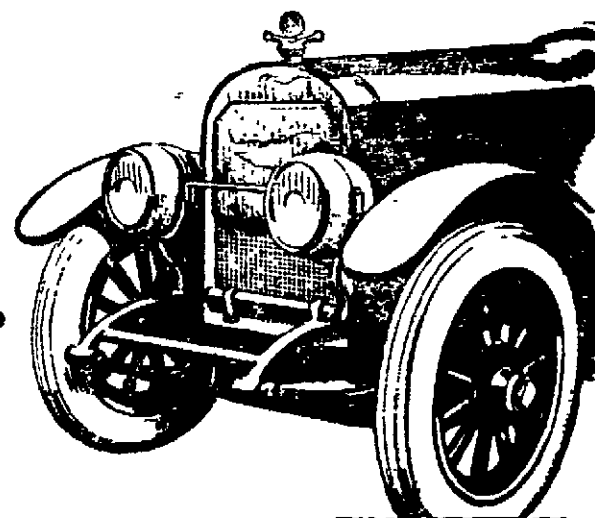

## BOBBY JONES MAKES RECORD

(By The Associated Press)

NEW YORK, Oct. 24.—Bobby Jones, youthful Atlanta golf wizard, who shook the jinx that has beset him in title play long enough to bag the national open championship this season at Inwood, is credited with a new record for consistent brilliancy in the national event.

Records of the past four open championships show that Jones has compiled a grand average of 74 5-17 strokes per round, leading all rivals, professional and amateur alike over the span of competition. His nearest rivals are Jim Barnes and Walter Hagen, who, over the same stretch, each have averaged 75 1-6 strokes, while Jack Hutchinson is next with a mark of 75 half.

High-quality motor oil, for example. Until your motor gets warm it is apt not to burn quite all the fuel taken in. The longer it takes to warm up, therefore, the more unburned liquid fuel to dilute your crank case oil. Experience teaches us always to cover the radiator in starting on snappy mornings. That speeds the warming up. It's easier on the motor—gives the oil a much fairer chance to hold its working body.

Polarine is today the highest quality motor oil that can be made. Quantity production and universal distribution nevertheless keep the price reasonable. ## Pact To Recognize

Soviet In Russia Is  
Aim Of Yugoslavia

(By The Associated Press)  
BELGRADE, Oct. 25.—M. Baluchitch, Yugoslavian minister to Greece, who recently negotiated the first agreement of friendship between Yugoslavia and Greece, concerning the free Yugoslavian zone of Salonica, is now in Berlin, where he is looking into the possibilities for negotiating with Russia.

It is predicted here that M. Baluchitch's mission will be successful. Two years ago Yugoslavia, by the passage of a "defence of the realm" law, outlawed the Communist movement completely. It is felt here the ban on the right of assemblage enforced rigorously since then with one exception, when the government permitted the holding of a Communist mass meeting in this city to protest against the repression of the Communists in Bulgaria, has suppressed the Yugoslavian Communists sufficiently to make them a negligible quantity politically.

Against the modified Communism of Russia, as practiced in that country, however, Premier Paschitch is irreconcilably disposed. It is felt, also, that the solution of the Slavic problem is impossible without the active participation of the greatest Slavic power, Russia. Premier Paschitch is evidently convinced, also, that the moral help of Russia would go far toward answering the Macedonian question.

There are several Russian commissioners in Berlin, qualified to negotiate with M. Baluchitch, and on his departure to the city the minister to Greece took ample instructions with him looking to a reconciliation between Yugoslavia and Soviet Russia.

## 'Warfare' On Pastor

Causes Suspension  
Of Church Members

(By The Associated Press)  
NEW YORK, Oct. 24.—Twenty-nine members of Calvary Baptist church were suspended last night charged with conducting a "guerilla warfare" on the pastor of the Rev. John Roach Stratton and with violating their vows to support the church.

**Steamer Sinking**  
Off Florida Coast

(By The Associated Press)  
JACKSONVILLE, Fla., Oct. 24.—The Boston and Gloucester steamer Mascotte is sinking in four fathoms of water in Cape Canaveral, off the east coast of Florida, after having sprung a leak about 10:20 o'clock this morning according to a telephone message from the United States coast guard station at Cape Canaveral.

The coast guard cutter Yamacraw of Savannah is rushing to the steamer's assistance, according to information at the coast guard station, and was expected to reach her about midnight. So far as is known no lives have been lost and it is expected the steamer can be kept afloat until the Yamacraw arrives.

A dispatch from Daytona stated that the Mascotte had 24 passengers aboard. The point of origin of the ship has not been learned. Efforts to communicate with the Cape Canaveral light house were unavailing. Members of the coast guard station, it was said, are standing close by the Mascotte and there is thought to be little danger of loss of life. The Mascotte is a combination freight and passenger steamer.

**SQUEAL!**  
Home Made Pork Sausage.

It is said that the packers allow nothing to get away in the killing and marketing of animal products—the squeal being taken care of by a phonograph, so even this privilege is denied you; however, not so with us. We make our own sausage and allow you to "squeal" if it does not suit you—or even one better—if it is not as good as you ever ate—scratch it off your bill.

Not just the trimmings left over from the hams, loins, etc., constitute our sausage, but the whole hog is ground up.

**Carnegie's Peace**  
Vision Is Still  
Good Says George

(By The Associated Press)  
PITTSBURGH, Oct. 24.—Andrew Carnegie's vision of peace among nations is an opportune one to recall. David Lloyd George, the war time premier of Great Britain, declared in an address here tonight.

Speaking in Syria Mosque to an audience of several thousand the former premier described the late steel magnate as a man who combined with great business ability great strength of character and great vision.

In 1903 he continued, Mr. Carnegie predicted there would be a great war and conceivably one of two more before the era of peace was reached. The first part of that prophecy, which he added would be fulfilled by a war which in terms of an earthquake, can be compared to a cataclysm killing more than every man, woman and child in Pennsylvania, Maryland and West Virginia.

"Are we really going to have that again?" Mr. Lloyd George asked. "The answer depends more upon two great communities than anything else—the United States and the British empire."

Reiterating his plea for an understanding between the two great English speaking commonwealths for a rational peace in a world where fear, passions and national hatreds are at work he urged the adoption of a spirit of conciliation in the words of the late Sir Henry Campbell-Bannerman, who as prime minister of Great Britain when the Boer war was concluded, said:

"Do right and you can trust consequences."

There are many commissions and committees being formed in working out a peace in Europe at this time. Mr. Lloyd George declared, but "let's have a committee of mercy in the world."

A distinctive Welsh character was given to the meeting by the singing of many Welsh songs in the native tongue.

**JERSEY POPULAR**  
Jersey is one of the most popular materials for every day wear. Straight line frocks with white linen collars and cuffs, and monograms—sometimes most overgrown as to size—are most attractive.

Mrs. Horace Smith, of Richmond, is visiting her parents, Mr. and Mrs. D. A. Overby.

## MORNING COTTON LETTER

Thomson & McKinnon  
NEW YORK, Oct. 25.—Frost news was ignored yesterday. Weather continues unfavorable. Recent Wall Street bull operators accepted profits and increased hedge selling caused

the recession late in the afternoon. Mills were said to be buying. Look for bullish ginner figures this morning. Pending government report, expect unsettled markets with a higher tendency. Would not buy on bulges but cotton bought on weak periods, will I think, pay handsome profits.

## MORNING STOCK LETTER

Thomson & McKinnon

NEW YORK, Oct. 25.—I see nothing that is likely to change any man's opinion. If he was bearish yesterday there is nothing to make him out of him this morning. If he was bullish there is nothing that should scare him today. This is one time that a man can be a bull and a bear at the same time. There are some stocks that are weak and there are some that are strong.

I notice some of the papers this morning mention selling to establish losses as an important element in the market at this time. Of course, you know that under the law a person selling to establish a loss would not profit if he re-purchased the stock within thirty days but under the law he has a perfect right to reinvest the proceeds in stocks of a different character, so we would very well have a perfectly proper and legal procedure of some big investor taking a loss. For illustration—in Amecoda and re-investing the proceeds in Baldwin or some other stock of equal standing. I don't know that it is being done but it could very easily explain some of the market's mystery.

## N. Y. COTTON

(By The Associated Press.)  
NEW YORK, Oct. 25.—The feature at the opening of the cotton market today was the jump in the price of October which sold at 31.30 on the call or 30 points above yesterday's closing on covering by shorts. The general market opened firm at an advance of 75 points on October and off 11 to 20 points on other months, owing to relatively steady cables and reports of continued cold weather in the belt. December sold up to 30.40 and January to 29.80 but there was a good deal of realizing at these prices which caused reactions of 20 or 25 points during the early trading.

Cotton futures opened firm:  
October ..... 30.90 to 31.30  
December ..... 30.40 to 30.28  
January ..... 29.78  
March ..... 29.52  
May ..... 29.52

## NEW ORLEANS COTTON.

(By The Associated Press.)  
NEW ORLEANS, Oct. 25.—Better cables than due and continued abnormally cold weather over the belt caused buying on the opening of the cotton market today. Ginning figures to October 15th of 8,490,575 bales just about met expectations and did not have much influence, although the output of the gins was regarded as small for this time of the year. After advances of 20 to 31 points prices fell off at the end of the first hour to levels one point over yesterday. December traded up to 29.90 to four points under the close of yesterday and fell back to 29.58.

Cotton futures opened steady:  
October ..... 29.87  
December ..... 29.70  
January ..... 29.80  
March ..... 29.73  
May ..... 29.65

## CENTRE TO PLAY PENN. SATURDAY

(By The Associated Press.)  
DANVILLE, Ky., Oct. 24.—Twenty-eight "Playing Colonels" comprised the football squad of Centre College in their fourth eastern invasion late today when they boarded the train for Philadelphia, where they will meet the University of Pennsylvania eleven on Saturday. Centre's supporters feel certain that upon their return, they will have gained an even break in the four eastern inter-sectional games.

## Denby Orders Trial Of Officers As Result Of Pacific Naval Disasters

(By The Associated Press.)  
WASHINGTON, Oct. 25.—Inquiry by the Navy Department to fix responsibility for the loss of seven destroyers and a score of men off Honda Point, California, last September 8, entered a more serious phase today with Secretary Denby's order for the immediate convening of a court martial to try eleven naval officers on duty with the squadron.

The secretary's order was issued yesterday on the recommendation of Admiral Robinson, commander in chief of the battle fleet. The recommendation was recommended on the finding of the court of inquiry, which has been investigating in the cause of the disaster described by

## Twirlers in Both Major Leagues Recorded Unusual List of Brilliant Performances—Two No-Hit Games, Many One and Two-Hit Contests.

(By The Associated Press.)  
NEW YORK, Oct. 31.—Though subjected to heavy bombardments from batsmen during the 1923 season, pitchers in both major leagues recorded an unusual list of brilliant performances.

Two no-hit games, an array of one-hit and two-hit performances, and new strike-out records were turned in by National and American League moundsmen. "Red" Sam Jones of the world's champion Yankees, and Howard Ehmke, of the Boston Red Sox, accounted for the most spectacular box work of the season. Within a single week in September both blanked the Philadelphia Athletics without a run, 25 men facing. Jones while 25 stepped to the plate against Ehmke. Then, in their next turns on the mound, both came close to duplicating their hitless performances. Jones holding the Red Sox to two hits, while Ehmke gave the Yankees one single.

Jones had the better consecutive hitless innings record silencing the bats of his opponents for 16 2-3 innings in a row.

Walter Johnson added new laurels to his strike-out record by passing the 3,000-mark in his sixteenth year of big league service.

"Daddy" Vance, speed ball kind of the Brooklyn Dodgers, hung up the season's strike out record when he whiffed 15 of the New York Giants in ten innings; grabbed the season's consecutive winning record with ten straight victories and included a one-hit victory over Cincinnati in his eighth game.

In this game Vance came within an ace of pitching the no-hit game for the only hit off him was made with two out in the ninth.

Jimmy Morrison, of Pittsburgh, turned in a one-hit game against Philadelphia, while among two-hit contests (three by Jones; five by Ehmke) of the Chicago Cubs; Hugh McQuillan of the Giants and Bryant Harris of the Athletics. Osborne and Keen of the Cubs combined to hold Cincinnati to one hit, the former permitting one single in seven innings but he was relieved in favor of Keen who held the Reds hitless for the remaining two innings.

Grover Cleveland Alexander, Chicago veteran, added new laurels to his record by pitching 14 consecutive innings without issuing a base on balls, while Stanley Coveleskie, of Cleveland, held his opposition scoreless for 27 straight innings.

Unusual performances were those of Jimmy Ring of the Philadelphia Phillies, who was beaten by the Cubs, 2 to 1, although he fanned 12 men and of Friday, Washington recruit, who walked 14 in a game with the Chicago White Sox. The latter figure is two below the record number of bases issued by one pitcher in a game.

Adolfo Luque, Cuban star of the Cincinnati Reds, turned in an "iron man" performance, beating the Boston Braves in two games of a double-header.

Punta Alegre sugar year ended May 30 net after tax etc. \$3,482,601 or \$10.53 a share against \$26.21, or 11 cents a share preceding year.

## MORNING GRAIN LETTER

Thomson & McKinnon  
CHICAGO, Oct. 25.—Liverpool cables fail to reflect our strength of yesterday. The political activities in Washington are predominant at the moment and it is patent that without the aid of some constructive action on the part of the administration values will seek a lower level. Corn market had weak tone late yesterday and will likely sell some lower although the recent decline was quite rapid and an oversold condition may be disclosed.

## NEW YORK STOCKS.

(By The Associated Press.)  
NEW YORK, Oct. 25.—While there was some irregularity in the initial prices of today's stock market, changes were mostly downward with a resumption of pressure against several of the stocks which were conspicuous in yesterday's selling movement, notably the coppers. Some of the high priced specialties continued upward. Kress jumping 5 points to 160, a new high figure for the year.

The hesitation at the outset was followed by a general shading of prices of the pivotal shares, Baldwin dropping a point. Foreign exchanges slightly irregular.

## SARAZEN TIES WALTER HAGEN

RICHMOND, Va., Oct. 24.—Walter Hagen, former national open golf champion, playing with W. C. Skelly, club professional, tied Gene Sarazen, national professional titleholder and Jim Skelly, of Richmond, in a 36-hole exhibition match over the Hermitage Country Club course here today. Sarazen missed a two foot putt for a win on the last green. Sarazen played the 36 holes in 152 strokes, Hagen requiring one more. The two are scheduled to appear in an exhibition match tomorrow over the Princess Anne Country Club course at Norfolk.
